OUTLOOK BRIGHTER IN RUSSIA TODAY

The Strike Called Off Temporarily by the Leaders.

An Effort to Start Another Jewish Massacre Was Unsuccessful Today.

THE POLICE QUICKLY FLED

St. Petersburg, Nov. 18.—Conditions are improving in the city today and it is hoped the worst is over. The strike, which threatened to lead to unlimited troubles for the government, is being brought to a close. As predicted, a decision to call off the strike was reached at a mass meeting of workmen held this morning. The resumption will not be permanent, however, as the meeting resolved to put in operation a system of spasmodic strikes by which they propose to stop all work in the city at frequent intervals, until the government yields to the demands of the working classes.

Hoodlums Attempt to Start Trouble. St. Petersburg, Nov. 18.—A number of roughs attempted to start another Jewish massacre this morning, when a crowd, armed with axes, appeared in Sannaya square and shouted "Down with the Jews." "Death to all Jews." The police hastily left the square, fearing assassination and word was sent to the military patrol, which soon arrived and dispersed the roughs.

Attempt to Assassinate. Riga, Russia, Nov. 18.—An attempt was made today to assassinate the governor of Riga. While he was riding through the streets a shot was fired from an alley but the bullet missed the mark and the would-be assassin escaped.

Law and Order Prevails. Washington, D. C., Nov. 18.—Spencer Eddy, United States charge d'affaires at St. Petersburg, reports to the state department that all is quiet in that city today. This is taken here as an indication that the strike is subsiding and Count Witte and the forces of law and order getting the upper hand.

IN SIGHT OF THOUSANDS.

Noted Matador Is Gored at El Paso—He May Recover.

El Paso, Tex., Nov. 18.—Before 2,000 delegates of the American mining convention Alonzo Aliquiro, "El bravo," a famous matador, was gored through and through and carried around the arena on the horns of a wild bull while fighting the big beast in the big coliseum or plaza de toros at Juarez, Mexico, across the Rio Grande from El Paso.

Impressario Felix Robert, the only French torero and holding a diploma from the king of Spain, had arranged a grand corrida for the entertainment of the delegates to the national convention and the troupe was particularly daring. Just before the second bull had been killed and after two horses had been killed under the mounted fighters, "El bravo" afoot, endeavored to place two darts in the charging bull's shoulders when he was caught on the sharp horns.

His comrades eventually blined the beast with their capes and removed the matador from the arena. Despite the gaping wound, surgeons say he may recover, as he has been seven times gored in the arena.

CAIRO COMPANY.

In a Big Combine of Lumber Companies Just Formed.

New Orleans, Nov. 18.—A million dollar corporation was chartered here today to include five lumber companies, making the largest in the south. The mills in the combine are Florida Lumber Co., Montgomery, Ala.; Creelman Lumber Co., Cairo, Ill.; Krotz Mfg. Co., Melville, La.; Melville Box and Lumber Co.

NEARING HALF MILLION.

Are the Contributions for the Relief of the Jews in Russia.

New York, Nov. 18.—The total contributions received by the committee which is forwarding funds for the relief of victims of outbreaks against the Hebrews in Russia, is \$370,000.

Powhatan to Be a Success.

The production of "Powhatan," the Indian opera by Paducah talent at The Kentucky on Tuesday night, Nov. 28, for the benefit of the Home of the Friendless, bids fair to be a brilliant success. Mr. Baker's operas are always good and the Indian opera has a peculiar charm that puts it in the front rank. The cast is working hard to excel the performance of ten years ago.

CONDUCTOR CAUGHT BETWEEN THE CARS

Malcomb Greenlea Has His Right Leg Crushed.

Was Changing the Trolley When a Car Bumped Another One Against Him.

GRAPHITE FOUND ON TRACK.

Malcomb E. Greenlea, aged 26, a conductor in the employ of the Paducah Traction Co., was badly injured this morning shortly before ten o'clock at First and Broadway. He was caught between two cars as a third car bumped into them and his right leg above the knee was caught and a compound fracture sustained. The injury is serious but the physicians do not think he will lose the leg.

Greenlea was conductor on car No. 59 with Motorman J. S. Bagby, and had run down to the river following the Broadway car. Greenlea was changing his trolley and as he stood between the Broadway car and his own, placing the trolley on the wire, car No. 50, the Trimble street car and fast to come down, struck No. 59 too violently. The bumpers of the two cars caught Greenlea's leg and badly crushed the bone. His cries for help were heard and in a few moments he had been removed to the Julian Grear machine shop, and physicians were summoned.

Drs. R. E. Hearne and J. D. Robertson placed a temporary dressing on the leg and the young man was conveyed to Riverside hospital in an ambulance. At the hospital the physicians dressed the leg and say that they do not believe it will have to be amputated.

Greenlea suffered a great deal, but told all he knew about the accident while the physicians were dressing the limb. He stated that he had gone between the cars to place his trolley on the wire when without any warning, he heard a crash and felt his leg caught. The cars usually come within a few feet of each other and sometimes touch, but never very hard unless something becomes defective in the gearing, or the car gets away from the motorman.

Car No. 50 was in charge of Motorman H. B. Rule and Conductor E. C. Matlock.

Manager Bleeker, of the Paducah City railway, and President Joseph Friedman gave out the startling information this afternoon that the accident was evidently caused by placing coconut and graphite on the track. They claim that this combination is worse than oil and caused the car to slide after the current had been shut off and the brake applied. "My attention was called to the fact," said Manager Bleeker, "and I made an examination, finding the coconut and graphite." Here he exhibited three envelopes containing the stuff, which he stated he picked up beside the track where the accident happened near First and Broadway. "It was put there by some malicious person, and if I knew him I do not know what I would do with him. It might have resulted in the serious injury of some innocent woman or child."

President Friedman said that Mr. Greenlea was an innocent party and had been made to suffer by the dastardly deed.

All morning Manager Bleeker said the street cars had been having trouble at this spot and the cause was not known until he made an investigation. He stated that he examined the car and found it in perfect condition. There was not a defect anywhere, either in the car or track. He also interrogated the motorman and looked into the case, stating that he was satisfied that the car would have stopped had not the greasy stuff been on the track.

Both the president and manager deplore the accident and everything will be done to run down the guilty party.

KENTUCKY DARKEY

Goes to Metropolis to Wed and Gets in Jail.

Metropolis, Ill., Nov. 18.—Sheriff Smith placed Alex Jenkins, colored, of Ballard county, Ky., in jail for perjury. Jenkins, who is 25 years of age, came over to Metropolis with a young colored girl named Phinoy to get married. Curt Roby, believing the girl to be under age, had the negro man to make an affidavit as to her age and relationship. He gave her age as 18 years and no relationship. It was found later that the girl was only 14 years of age and they were first cousins.

Much Beet Sugar Burns.

Rockford, Col., Nov. 18.—Ten million pounds of beet sugar in the warehouse of the American beet sugar company were destroyed by fire and water today, loss four hundred thousand dollars.

EVITT'S CASE Will Not Be Taken Up For a Week or Longer.

The Evitts impeachment case will not be taken up Tuesday and it may be week after next before he is again put on trial.

City Prosecuting Attorney Thomas Harrison said this morning that Attorney Hal Corbett, one of the prosecutors in the case, would be here this evening and he would at once confer with him regarding the date. New charges may be filed against City Jailor Evitts and according to Attorney Harrison the prosecution will have to give the accused five days' notice. In case the new charges, which have not been yet drawn up, are filed with the mayor Monday and the jailer is notified on that date it would be Saturday before the case could go to trial. The aldermen would hardly begin it on Saturday as this is a busy night but would probably take it up the following Monday.

NOTHING DONE.

In Regard to Ferry Franchise—Boat Running As Usual.

It is not known what the next step will be in regard to a ferry franchise in Paducah. A franchise is not necessary to operate the ferry, it is understood, the main object in wanting one being to have the landing at the foot of Kentucky avenue.

Owen brothers own a great deal of property down on the river front, near "Dogtown," and can establish a landing there if they have to give up the other. This would be better than no landing at all, although it would be quite inconvenient.

In regard to the suit filed against the East Tennessee Telephone company to put it out of business in Paducah and thrown out of court yesterday, an agreement has been reached between the city attorney and attorneys for the company, to do nothing further for a few days.

SMITHLAND MAN HURT.

Manager Presnell Fell and Was Badly Bruised.

Mr. T. D. Presnell, manager of the Home Telephone company at Smithland, was seriously injured yesterday afternoon. Mr. Presnell was climbing a telephone pole to repair a wire when it broke and he was precipitated to the ground, a distance of several feet. No bones are known to have been broken but he is suffering intense pain.

TWO KILLED.

In a Collision of B. and O. Trains Near Cumberland, Md.

Cumberland, Md., Nov. 18.—Two Baltimore and Ohio freight trains collided near Rawlins this morning and Brakeman Marks and Fireman Collins were killed and Engineer McManus was seriously scalped. Both engines and five cars were wrecked.

Contempt Decision Next Week.

Kansas City, Nov. 18.—A decision in the government contempt cases against five Western railroads for alleged violations of injunctions forbidding the granting of rebates will be given next week, according to a statement of Federal Judge Phillips when the lawyers finished their arguments on a motion to quash.

Telephone Men Met.

Most of the officials of the Paducah Home Telephone company who were here for a conference and election of directors have returned to their respective homes. The local manager said there was not anything he could give out for publication at this time and he did not know who were elected directors. The discussion was principally as to improvements to be made by the company.

The Chinese Boycott About Over.

Washington, Nov. 18.—Vice Consul Cloud at Hankau, China, has expressed the opinion to the state department of commerce and labor that the Chinese boycott on American goods is almost terminated. No permanent setback will result he says.

THE FINAL REPORTS ARE BEING HEARD

Conference is Winding Up Its Business at Mayfield.

The Appointments Which Are of Greatest Interest, Are Not Expected Before Monday.

SOME NOTES OF THE MEETING.

The conference is engaged in hearing the final reports today and in finishing up the general routine business. It is expected that the appointments will be read not before Monday.

The Missionary Anniversary was held last evening at the First Methodist church and was a most interesting session. The speaker of the evening was the Rev. Seth Ward, D. D. of Nashville, Tenn., assistant secretary of missions. Dr. Ward is a very forcible and pleasant speaker and made an able address. Dr. Ward was in Paducah several years ago at a missionary and Sunday school meeting and preached at the Broadway Methodist church.

Rev. John R. Stewart, of the Tennessee conference spoke in the interest of the fund for the widows, orphans and worn-out preachers of the church. An effort is being made to raise an endowment fund of \$5,000, 000 for them. Sixty thousand dollars has already been raised and invested and \$180,000 secured of good subscriptions. This matter is being pushed by Mr. Stewart.

The following ministers were received into the conference yesterday by transfers. Some of them are former members of the Memphis conference. W. A. Russell was at 3rd street, Paducah, several years since, and A. C. Holder is a son-in-law of Mr. C. W. Morrison, of this city.

S. W. Peoples from the Kentucky conference; O. L. Martin, from the Missouri conference; A. N. Walker, from the St. Louis conference; R. M. Walker, from the Arkansas conference; W. A. Russell, from Indian Mission conference; A. C. Holder, from the Louisiana conference; H. I. Stephens, from the Baltimore conference.

The Mayfield Messenger "Conference Notes" contains several of interest to Paducah Methodists. Under an excellent picture of the Rev. H. B. Johnston, D. D., of the Brownsville station, formerly of Broadway Methodist church, Paducah, is the following: "The first pastor and charge to take the support of a special missionary abroad."

Twenty-six years ago, Mayfield entertained the Memphis conference for the first time.

Dr. W. E. Thompson, who has charge of the first church in Memphis is a very interesting looking preacher. He is regarded as a "holy terror" to all classes of wickedness in the city of Memphis, both public and private. He has large piercing eyes, wears long hair and carries a chip on his shoulder ready to make war on any man, be he public or private who is a violator of either human or divine law. He sits near the bishop and represents the News-Scimitar. He is indeed an interesting character.

It was at the Methodist annual conference that was held in the city of Mayfield Nov. 19, 1879, that the beautiful Miss Lillie Lyon, the charming daughter of Prof. Lyon, of Paducah, met for the first time that rising young minister, the Rev. J. H. Roberts. It was love at first sight, and the following May they were happily married. Notwithstanding 26 years have passed, they are here again, and enjoying life about as well as they did then. Her home was then in Paducah, so it is now. Her husband was then a bashful young minister, he is now a brave and courageous presiding elder. They both look hale and hearty, but time has dealt more leniently with her than with him.

The Rev. Warner Moore, one of the old Methodist war horses of Western Kentucky, is in attendance at this conference and looks to be able to serve many more years of useful work.

Since 1840, and during 65 years of the Memphis conference, 164 members have passed into the great beyond. One was killed by having a tooth pulled, another killed by lightning, while the rest died natural deaths.

Since the Memphis conference was organized Nov. 4, 1840, it has held every session in the month of November, except eight, three of which were held in October, and five in December. November seems to be the popular month for this great body to meet.

A telegram announced the death of Walter Lambuth, son of our senior missionary secretary. The con-

ference united in prayer, led by Dr. Mahon, that God would comfort the bereaved. A message of sympathy was wired the brother by order of the body.

Mr. J. M. Quinn is certainly the right man in the right place when it comes to assisting and taking care of an annual conference. He has done much valuable work in securing for the ministers and delegates the many happy homes they have enjoyed, and he no doubt feels that he has served his purpose well.

During the 66 years of the Memphis conference it has only had eight secretaries viz. W. L. McAllister, D. J. Allen, A. L. Hamilton, Guilford Jones, W. C. Johnson, who served 17 years; R. H. Mahon, who served 13 years; Warner Moore, 3 years; and A. J. Meadows, 12 years. A. L. Hamilton serving only one year. It is said by old members of the conference that it has been blessed with capable secretaries.

Mayfield has had the distinguished honor of entertaining three sessions of the Memphis annual conference, viz. Nov. 19, 1879; Nov. 30 1892; Nov. 15, 1905. This speaks well for Mayfield and her people. At the session of 1879, Bishop H. H. Kavanaugh presided with R. H. Mahon as secretary. The session of 1892, Bishop J. C. Keener, presided with Warner Moore, secretary. The session of 1905, W. W. Duncan was the presiding officer with A. J. Meadows secretary.

Horse Trade Cost Pastor His Pulpit.

Orange City, Ia., Nov. 18.—The celebrated case of Rev. B. Koser of Hull, Ia., has been decided by Judge Kennedy adversely to the minister, who will, accordingly, be evicted from the parsonage of the First Reformed church at Hull.

The pastoral relations of the minister and his congregation were dissolved on the instigation of the congregation, but the pastor continued to occupy the parsonage, and likewise, demanded the pastor's salary. To this the church excepted, and asked his eviction by the court.

A horse trade made by the minister was the cause of the trouble.

STREET WORK

Is Now Nearing Completion in Paducah.

The concrete work on Jefferson street will be started Monday and pushed to completion to Fourth street which is as far as the street is to be improved with brick. The work starts at Second.

Brick laying on Kentucky avenue was stopped about half way between Second and Third on account of a shortage of brick. All the brick for the entire job have been shipped from Canton, O., but they are laid out somewhere. Railroad was notified and they will rush them into the city. If they arrive tomorrow the job can be completed by Wednesday or Thursday on Kentucky avenue. Today the brick and space between them were cemented and the thoroughfare will be thrown open to the west side of Second street Tuesday. This will be a great convenience to the marketers and the great volume of traffic that there is in that locality.

About 200 feet of brick work remains to be finished on the South Third street job. It would have been completed long ago had not the brick failed to arrive. More brick are being awaited and when they arrive the street will be finished in a day or day and half at the most.

The sidewalks on Kentucky avenue will be started Monday. They will be built of concrete.

SEVENTH YEAR

Of Rescue Mission is Nearing a Close.

The seventh year of Union Rescue Mission, South Third street, is nearing a close, and more good work than usual has been done this year.

The Rev. R. W. Chiles and wife ask the co-operation of the people of Paducah in their good work. They aid the needy and find homes for the homeless, and do a great deal of good all over the city. They will thankfully receive for distribution old clothes, shoes, etc. which can be spared.

Thanksgiving is approaching, and the Rev. Chiles asks the public to remember the poor and needy, and send him all have peace and plenty on that day. He will see that all donations sent to him are well bestowed.

Preparations will soon begin for seventh Christmas tree, which is always given the poor children of Paducah during Christmas week.

Doctor Dies at Evansville.

During Maneuvers Light Blind-ed Helmsman on Small Craft.

The Undine Struck Her Amidships—One Officer and Thirty-two Men Lost.

THE BOILERS EXPLODED

Kiel, Germany, Nov. 18.—A torpedo boat collided today near Buell with a small cruiser, the Undine, and the torpedo boat sank.

One officer and thirty-two men are reported missing. The disaster occurred during maneuvers in Kiel Bay. The torpedo boat division was making a regulation attack on the Undine, which had blinded her lights. She suddenly used search lights which confused the helmsman of the smaller craft. The torpedo boat got under the Undine's bow which struck her amidships causing the torpedo boat boiler to explode.

MRS. ROBERT FISHER HURT.

She Jumped From Her Buggy When Her Horse Became Frightened.

Mrs. Robert Fisher, wife of the well known veterinary surgeon of the Benton road, met with an accident last night near Sixth and Elizabeth streets.

She was driving home from town when her horse became frightened at a car and started to run away. Mrs. Fisher jumped out and in alighting injured her left side and right arm. She was taken to a nearby drug store and Dr. J. S. Troutman summoned. He found no bones broken but Mrs. Fisher was badly bruised.

Washington, Nov. 18.—The democratic members of congress are stirred up over the report that "Uncle Joe" Cannon is preparing to cut down the democratic representatives on the house committees to five each. If this is done, Floor Leader Williams may refuse to make any appointments of democratic members.

Auto Collides With Bicycle.

Mr. Tom Sanders in his automobile on Broadway last night had a collision with an unknown bicyclist. The automobile was on the right hand side of the street and the bicyclist in front of him coming fast. Mr. Saunders saw the young man was "rattled" and started to turn over to the left side to let the bicycle rider get past. As he did the bicycle also turned and they met. The wheel was wrecked, but the rider escaped with a few bruises.

Lizzie Smith, alias Green, who is being detained in the jail pending a test of her sanity, will probably be given a trial next week. The negro has rational periods but when she goes wild she makes things hum. She shouts and makes sleeping impossible for others in the jail. Jailor Jones thinks there is no doubt about her insanity.

The Van Dyke Eaton Company will open a week's engagement at The Kentucky next Monday evening. The company this season is said to be much larger and stronger than upon its former visits to Paducah. The management has secured several strong bills for this popular aggregation of entertainers and with the addition of up-to-date specialty acts have put their company in the van of the best popular priced shows now on tour. The opening bill will be The Embezzler, a beautiful story of the south, Tuesday matinee, "The Divorce Question;" Tuesday evening, "Carmen;" Wednesday matinee, "In

There will be special vaudeville features between every act by McCoy and Jackson, musical faces; Rholo, the man with the hoops; Willard Foster, the barytone, in illustrated songs; and Mitchell Ingraham in character song and dance acts. Monday evening, two ladies, or one lady and gentleman will be admitted on one paid 30 cent ticket. Prices for the matinees will be 10 cents, to all parts of the house. Night prices, 10, 20 and 30 cents.

The bill of fare at The Kentucky this past week was light in quality, being composed largely of musical entertainment, farce and comedy, but the patronage was liberal and all the bills satisfactory.

The very successful dramatization of Count Leo Tolstol's remarkable book, The Resurrection, which made such profound impression upon metropolitan audiences last season with Miss Blanche Walsh in the stellar role, will be seen at The Kentucky Monday evening, Nov. 27. The production is the same sumptuous vehicle used by Miss Walsh and the company is said to give a strong and artistic presentation of the stirring drama. The cast is composed of well known players said to be well cast.

Manager Roberts, of The Kentucky has at last been successful in securing B. C. Whitney's latest and greatest operatic extravaganza, "The Isle of Bong Bong," for Thanksgiving, matinee and night performances. This gorgeous production comes direct from a record run of over two hundred consecutive performances in Chicago. No musical offering in many years has attained such remarkable success, or won such unanimously favorable criticism. The book and music are said to be exceptionally clever and tuneful, and the dialogue is said to be refreshingly witty and original. The organization consists of over one hundred people and is headed by John W. Ransome, "the man who made all London laugh," while playing the leading role in the English production of The Prince of Pilsen.

That "Powhatan" will be given a rousing reception upon its presentation at The Kentucky, Tuesday evening, Nov. 28, for the benefit of "The Home for the Friendless" goes without saying. It has been twelve years since the tuneful Indian opera was first successfully produced by local talent under the direction of Mr. Wm. A. Baker, of Chicago, and its reputation by the best local talent obtainable, for so worthy a cause, will be a pleasant event, socially and merits a crowded house. Rehearsals are progressing satisfactorily and Mr. Baker anticipates duplicating his former success.

Very Small Audience.

The entertainment given last evening at the Kentucky theatre for the benefit of the Trimble school Methodist church by Frank Stewart Regan, the lecturer and cartoonist, was very fine, but financially it was a failure only nine tickets having been sold.

Of the Massacre of the Jews at Odessa.

New York, Nov. 18.—The Jewish morning journal publishes a letter today from Odessa, Russia, giving the first details of the massacre of Jews there. It says the rioting continued four days and was directed by the authorities, and ceased as soon as the authorities received word from St. Petersburg that it must be stopped. The number of dead and injured is estimated at ten thousand on both sides. The writer says the cruelties were a hundredfold worse than at Kishineff.

UNCLE SAM'S COURT

Will Begin Monday—Large Crowd Expected.

The regular November term of federal court will be convened here Monday by Judge Walter Evans, of Louisville. The docket is a little larger than usual and it is estimated that three days at the least will be consumed if all cases are tried.

U. S. Deputy Marshal Geo. Saunders has been all over this end of the state summoning witnesses and jurors and has about all witnesses summoned. There is one witness, how-

ever Major Saunders has failed to get. He is a bartender living in Paducah and although the officer has gone after him several times in the day and night, has been unable to see him. The young man was formerly on duty at night. Major Saunders went to the saloon several

"For five years I was so sick I could hardly walk across the floor, and was very weak and nervous," writes Miss Mattie Slosser, of Cambria, Va., "but after taking Cardui I found myself greatly relieved."

NERVOUS?

Do you worry about nothing? Startle at trifles? Feel irritable, peevish, sad and blue? Suffer from neuralgia, sick headache, dizziness, backache, bearing-down pains? If so, your nerves are stretched to the snapping point, like the strings of a fiddle twisted up out of tune, which screeches at the least touch. You are in a dangerous condition of health and need a medicine to take the strain off your nerves. If you are a woman, what has overstrung you is probably disordered menstruality, which, in women, makes more trouble, pain and nerve sickness than any other single cause. The thing to do is to follow the example, being set daily by thousands of women, and take the good, old, reliable remedy for female disease, with a record of 70 years of success, in the cure of female diseases, viz:

The Week In Society.

PATCHWORK.

Some rainbow shreds of Hope and Joy:
Faith's golden stripes without alloy;
Scraps of Ambition bright to see;
A few quiet threads of Charity;
Much of the purple cloth of Pain;
Love's fabric, like a golden vein
Between the strands of Hate and Strife—
Such is the patchwork we call Life.
—Clinton Scollard in Century.

The Social Season.

The week has been pleasantly filled, as a preliminary to the week to come which is already crowded with announced affairs. The presence of many attractive visitors in the city is the cause of the rather unprecedented gaiety for this early in the social season.

For Thanksgiving week there is already announced the Thanksgiving cotillion; and the opera Powhatan for the benefit of the Home of the Friendless by local talent will be made a social event of more than usual interest.

Charming Reception to Visitors.

Mrs. James Peterson Smith's reception at her home on Washington street on Wednesday afternoon from 3 to 5 o'clock, was a very charming compliment to her guests, Mrs. James A. Rose, of Springfield, Ill., Miss Helen VanCleve, of Springfield, Ill., Miss Esther Wheeler and Miss Ruth Wheeler, of Lima, O. The house was most attractive with ferns and chrysanthemums and was a brilliant reflex of the autumn colors of yellow and crimson.

Rudy, Mrs. Harris Rankin, Mrs. William Minnich, Mrs. Linneus Orme, Mrs. Alonzo Meyers, Mrs. William B. Punch was served in the sitting room and Mrs. Henry E. Thompson presided at the bowl, assisted by Miss Mildred Orme and Miss Mary Linn. The dining room was an especially pretty effect in yellow and red. The table was charmingly arranged with yellow chrysanthemums caught with red ribbons, and the red shaded lights and candelabra. The yellow and red effect was carried out in the courses of the luncheon and in the red and yellow mints. Mrs. W. B. McPherson did the honors of the dining room and was assisted by Misses Anna May Yeiser, Ruth Weil, Belle Cave, Henrietta Koger and Retta Hatfield.

The rooms were crowded with guests during the hours and many charming and handsome toilettes were in evidence.

Cotillion Club Entertains.

Sans Souci and Entre Nous Club Entertained.

Miss Hattie Terrell and Miss Frances Terrell were hostesses to the Sans Souci club and the Entre Nous club on Tuesday afternoon at their home on Kentucky avenue. The Japanese idea was effectively carried out in the talley cards and the prizes. A delightful course-luncheon was served after the game. The Sans Souci club prize was won by Miss Margie Crumbaugh and the Entre Nous prize by Miss Louise Cox. Mrs. David Flournoy captured the visitor's prize.

Delightful Benefit Concert.

A representative audience witnessed the concert by local talent at the Kentucky theater on Thursday evening. It was given by the Paducah chapter, Daughters of the American Revolution for the silver service gift to the gunboat Paducah and was a very delightful occasion. Prof. Harry Gilbert was musical director and his concert orchestra of twenty pieces was heard for the first time. Others taking part were: Mrs. Jas. Weille, Mrs. David Flournoy, Mrs. W. C. Schofield, Messrs. Emmet Bagby, Slavia Mall, Robert D. MacMillan, Richard Scott and Edward Scott. Some of the pieces played by the orchestra were composed by Mr. Herbert Wallerstein and Mr. H. M. Two box parties added interest to the scene. In Miss Julia Dabney's box were: Misses Julia Dabney, Mary Wheeler, Ellen Boswell, Lucette Soule, Elsie Hodge, Lucille Harth, Mary B. Jennings and Susie Dabney, charpered by Miss Virginia Newell.

Mrs. James Peterson Smith, Mrs. Charles Kiger, Mrs. Charles James, of Evansville; Mrs. James A. Rose, of Springfield, Ill., Miss Esther Wheeler and Miss Ruth Wheeler, of Lima, O., and Miss Helen VanCleve, of Springfield, Ill., composed the other party.

Tribute to Dr. Mims' Book.

The many friends here of Dr. Edwin Mims, professor of English literature at Trinity college, Durham, N. C., and of his wife, formerly Miss Clara Puryear, of this city, will learn with pleasure of the wide notice that his recent work on "Sidney Lanier" is attracting.

It was issued by the Houghton-Mifflin company on October 28, and has, almost at once, been assigned a distinct niche in American literature. Hamilton W. Mable, associate editor of the Outlook, says: "It is in my judgment the happiest appreciation of the literary south which has appeared, but it is a thoroughly national book. It is one of the very best pieces of biography that has been done in this country; sound to the core in its judgment, full of the divination of sympathy, but also of the sanity of criticism. I am most happy in the book as a piece of American writing." E. D. C. Gilman, ex-president of Johns Hopkins University, where Lanier labored, and a personal friend of the poet, says: "I do not see a single point to be amended. I do not foresee that an additional memoir will ever be called for, and I do foresee that the name of Mims will ever be associated with that of Lanier."

Dr. Mims has the gift of writing well, but for Lanier his perfect understanding and sympathy have added that touch of "divine fire" without which no book may truly live.

Paducah Boy Complimented.

The Baltimore Sun of a recent date has the picture and devotes a 2-column space to Mr. Calvin Wheeler Hendrick, formerly of this city who was unanimously chosen by the city commission of 7 members to be the chief sewer engineer of Baltimore. The compliment is especially high as Mr. Hendrick is a comparatively young man, and set his own

salary at \$10,000 per year. Mr. Hendrick's career has been especially rapid from the very start. He was highly recommended by Hon. Seth Low, the former mayor of Greater New York, also Oscar G. Murray, the president of the B. & O. railroad, and other men of prominence.

Mr. Hendrick received his early training in the Paducah public schools. He is related to the Flournoy and Gould families of this city, and has many friends here.

Afternoon Card Party.

Mrs. Linneus Orme gave a charmingly informal little card party on Friday afternoon at her home on Washington street in compliment to the guests of Mrs. James Peterson Smith. The house was effectively decorated with chrysanthemums and vines and the tallies were prettily hand-painted in designs typical of the Thanksgiving season. Miss Ruth Wheeler, of Lima, O., won the visitor's prize. Miss Faith Langstaff cut for the first prize with Miss Clara Thompson and Miss May Orme and won. She presented it to the out-of-town guests and Miss Esther Wheeler, of Lima, O., captured it in the cut. Both prizes were dainty gold hatpins. A delightful two course luncheon was served during the afternoon.

Mrs. Orme's guest-list was limited to young ladies.

Matinee Musical This Afternoon.

The Matinee Musical club is holding its first meeting this afternoon with Mrs. David M. Flournoy at her home on North Seventh street. A very delightful musical program is being rendered. It is miscellaneous in its arrangement on account of it being the first, but in the after meetings the club will consider only one composer and his compositions during an afternoon.

The first "open evening" of the club will be with Mrs. Joseph L. Friedman at "The Pines," by invitation.

To Entertain Kitty Players.

Manager Harry Lloyd will tomorrow entertain several Kitty league ball players with a complimentary dinner.

Alonzo Hedges, "Red" Bohannon, Grover Land, Eddie Taylor and Dick Brabie are all in the city and Manager Lloyd wanted to get them together again. Hedges and Brabie reside here but the others do not. Taylor and Bohannon have been wintering here, while Land is here on a visit. Hedges has been in St. Louis and came home to visit relatives.

Reception This Afternoon.

The Woman's Board of Missions auxiliary of the First Christian church is entertaining this afternoon at the home of Mrs. Frank L. Scott on North Ninth street, in honor of Mrs. Ida Harrison, of Lexington, state president of the society. Mrs. Harrison will lecture at the First Christian church Sunday morning and evening.

The reception is a very pleasant affair and only the ladies of this church are invited.

Delphic Club.

The Delphic club met on Tuesday morning in the club room at the Carnegie library. An interesting discussion of Francis I. of France, was enjoyed. Mrs. George C. Wallace contributed a clever "Character sketch" and Mrs. Mary Moequon Watson gave an entertaining account of the "Condition of France and the Court" during his reign.

Recital for High School.

The usual Tuesday lecture at the High School this week was varied with a musical recital by Prof. Harry Gilbert. It was so delightful a feature that the faculty will have hereafter a concert to intersperse the lectures.

Announcements.

Mrs. Harry McElwee, of Clark street, will entertain at cards on Monday afternoon complimentary to Mrs. James A. Rose, of Springfield, Ill., Miss VanCleve, of Springfield, Ill., and the Misses Wheeler, of Lima, O.

RAISING DOORS

So the Big Engines Can Be Taken in Machine Shops.

Brick masons are raising the doors in the local I. C. machine shops to make it possible for the big 800 class engines to enter the machine shops.

The doors are not high enough to permit the passage of the big engines, and within the next year or two the engines will have to be overhauled, and the doors are being raised to preclude any delay should any of this class be wrecked. The doors have to be raised about two and a half feet.

WEAK KIDNEYS

It is of but little use to try to doctor the kidneys themselves. Such treatment is wrong. For the kidneys are not usually to blame for their weakness or irregularities. They have no power—no self-control. They are operated and actuated by a tiny shred of a nerve which is largely responsible for their condition. If the kidney nerve is strong and healthy the kidneys are strong and healthy. If the kidney nerve goes wrong, you know it by the inevitable result—kidney trouble.

This tender nerve is only one of a great system of nerves. This system controls not only the kidneys, but the heart, and the liver, and the stomach. For simplicity's sake Dr. Shoop has called this great nerve system the "Inside Nerves." They are not the nerves of feeling—not the nerves that enable you to walk, to talk, to act, to think. They are the master nerves, the vital organ is their slave. The common name for these nerves is the "sympathetic nerves"—because each set is in such close sympathy with the others, that weakness anywhere usually results in weakness everywhere.

The one remedy which aims to treat not the kidneys themselves, but the nerves which are to blame is known by physicians and druggists everywhere as Dr. Shoop's Restorative (Tablets or Liquid). This remedy is not a symptom remedy—it is strictly a cause remedy. While it usually brings speedy relief, its effects are also lasting.

If you would like to read an interesting book on inside nerve disease, write Dr. Shoop. With the book he will also send the "Health Token," an intended passport to good health. Both the book and the "Health Token" are free.

For the free book and the "Health Token" you must address Dr. Shoop, Box 6171, Racine, Wis. State which book you want.

Daily Thought.

"You must be willing to pay the regular price for success and not be looking for bargains."

THE FERRY FRANCHISE.

A remarkable clause in the ferry franchise offered for sale yesterday—and for which there was not a single bid—is that in case the purchaser does not comply with his contract, his rights in the state of Illinois are to be forfeited. We have known the general council of Paducah to act as if it were more important than the county, and even than the state of Kentucky, but it is the first time it has ever intimated that its jurisdiction extended to the state of Illinois.

The merchants of Paducah and the people of Illinois, however, need not fear that there will be no ferryboat. The owners of the ferry have a perpetual grant covering their Illinois landings, and own property near "Dogtown" on this side, which can be converted into a landing if necessary. They can operate without any franchise at all. They agreed to buy a franchise, however, provided they could get one that suited them. It would be an advantage to them and to the city to operate under a regular franchise, but it seems the general council exercises very little common sense and judgment in such matters, and the result is a botch.

The court of appeals of Kentucky has handed down a decision that school trustees cannot arbitrarily expel a pupil, but it means simply that pupils cannot be expelled without cause. Educational boards have a right under the statutes to prescribe rules and regulations of conduct, which if not observed by the pupils may result in expulsion. But no pupil can be denied the advantages of education, merely because the trustees may want to keep him or her out of school.

Kentucky it to have a state development convention, definite steps having been taken at a meeting in Winchester. One of the most important things to settle is the question of taxation. A number of different views have been expressed on what is needed, but it is generally agreed, while these ideas differ, a better system of taxation than we now have is needed.

James Hazen Hyde's testimony before the insurance investigating committee is described by former Governor Odell as "base calumny." James Hazen need not worry, however. It has not hurt his reputation any, after those recent exposures. Besides, he is to leave America and locate in Europe, where he is not so well known.

Speaking begins in Tennessee in a few days between Bob Taylor and Senator Carmack for the senatorial primary nomination and the "fur will shew fly." Fiddlin' Bob has a slight advantage, however, as he is somewhat more bled than his opponent.

President McCurdy, of the Mutual Life, has benevolently suggested that

his salary be reduced from \$150,000 to \$75,000 a year. He probably feels under the circumstances like half a loaf is better than none.

It should be apparent to the municipal administration of Paducah that it was never intended that it be a very brilliant success at litigation. It should quit now, before it loses any more suits.

The Owensboro Messenger does not like President Roosevelt and heads a half column of drivel, "Too Much Roosevelt." This should make the president more popular than ever.

The tariff may be tinkered with at the next session of congress; but its friends will do the tinkering.

Dogs have been banished from Louisville street cars. But how about the familiar "hog?"

A nine-foot stage is the keynote. Everybody tune up.

IN THE COURTS

Circuit Court.

Little was done in circuit court today, and at the close of business Judge Reed drew the jury list for the December term of criminal circuit court.

In the case of Goodwin-Harris Co., against Englebert & Bryant, a judgment for \$111 was filed for the plaintiff. This was a suit brought for damages on alleged breach of contract.

The cases of Burford Harper and Virgil Carter against the I. C. road, were dismissed without prejudice. Florio Owsly was granted a divorce from G. S. Owsly.

Laura Manuel was granted a divorce from William Manuel.

Police Court.

Lubbe Washington, Wes Pendleton and Charles Hale, colored, were fined \$10 and costs each this morning in police court for a breach of the peace.

The three are known as 10th street "bullies" and it is said allow no strange negro to come in the vicinity of 10th and Husbands streets. Last night Hermann Perkins, a country negro, strayed out in that direction. He was "discovered" and it is alleged the three set about to compel him to treat them or take a licking. The country negro did not desire to do either and started out running, the three after him. The chase became so hot that Perkins darted into a store at 10th and Husbands streets and went through carrying the window frame with him.

After leaving the store Perkins hid in a house to escape the three but they "laid for him" and it is said one struck him with a board as he left the house. Officers Hurley and Singery remained up all night for the purpose of running them down, and succeeded.

John Henry Houston, colored, was fined \$10 and costs and given ten days in jail for carrying a concealed weapon.

Other cases were: Henry Dicke, J. E. Emerson, white, breach of the peace, \$3 and costs each; Henry Peter, John Kelley, white, breach of the peace, \$5 and costs; Minnie Lee and Flora Wright, breach of the peace, \$5 and costs; Goldie Jones, white, drunk and disorderly, \$10 and costs; Milton Enoch, colored, breach of the peace, \$4 and costs; Jim Jones, colored, breach of the peace, \$10 and costs.

County Court.

T. M. Baker and others deed to J. F. Keen, for \$500, property in the county.

J. S. Griffin and others deed to G. W. Potts, for \$100 property in the county.

The schedule of assets of the Y. M. C. A. was filed today by the assignee, Harry Stiles, and shows a total of less than \$700 in equipment, books, pictures, etc. The schedule of liabilities was filed several days ago.

John S. Woody, aged 25, and Theresa Bach, aged 29, of the city, were today licensed to wed.

Suits Filed Today.

Barney Levitan filed suit today against Morris McKane for \$55 alleged to be due him. Levitan says he traded a horse to McKane and that the horse he got was one which he had to surrender to another person, it having been stolen and sold to McKane. He wants the amount of

A DIFFERENCE IN LUNGS.

In the Edinburgh University three human lungs lie side by side. One is of an Eskimo and is snow white. In life, this would be ruddy with rich blood. Another is that of a coal-miner and is black. The other is of a town dweller and is a dirty slate gray, as are the lungs of most city residents. That's why consumption thrives in cities.

One reason why Scott's Emulsion does so much to keep down consumption is because it helps to keep the lungs clean and supplies them with rich, red blood. It makes the lungs germ-resisting. If the body is run down and health is at a low ebb Scott's Emulsion will build it up quickly and permanently.

He was tipped for the place several weeks ago. Mr. Hendricks spent some of his earlier life in Paducah, but for several years has been a resident of New York City.

Papers in Lindo Murphy's Case.

Sheriff David Reeves is here today to get documents changed by U. S. Court Clerk J. R. Puryear. He stated that as the papers read he could not bring Lindo Murphy, the king of bootleggers in Western Kentucky, here to federal court next week, as there was a case or two against Murphy at Benton, where he is in the county jail.

The sheriff is satisfied the papers will be corrected so he can bring the prisoner here next week when U. S. court convenes. A few days ago three prisoners escaped from the Benton jail but Murphy refused to go.

Thief Visits Patrolmen.

A thief who plays his art on the North Side, is creating a great deal of comment on account of a peculiarity. He seems to care to steal from no one but policemen and his latest victim was Officer Gus Rogers. Officer Rogers' residence near Eighth and Clay streets was visited by the thief yesterday and some butter and other edibles taken from the back porch. The thief went next door to the residence of Detective Will Baker and carried away some groceries. Sometimes ago the residence of Officer Wm. Johnson was visited by a thief and groceries stolen.

Negative Side Won Debate.

The Debating club of the High school held a meeting in the office of Supt. Leib last night. The question "Resolved that Labor Unions are for the best of the country," was warmly discussed by both sides. The judges decided in favor of the negative side. Those on the negative were Will Rock and Joan Rinklife while the affirmative was defended by Chy Leigh and Robt. Mitchell.

Several short talks were given by older visitors after which a business meeting was held.

THE WEEK'S NEWS IN THE COMMERCIAL WORLD

Clearing for week,\$677,324

Same week last year, 677,875

By a strange coincidence, the bank clearings for this week are within a few hundred dollars of what they were for the same week last year.

All report a good business for the week, especially during the past three days, since the Illinois Central pay train arrived Wednesday.

Both wholesalers and retailers express themselves as delighted at the increase in business in all lines, and the increase will be more rapid from now on.

Capitalist Coming Monday.

It is understood that an eastern capitalist who is desirous of locating a big cereal mill here will arrive in Paducah Monday to look over the field and decide on whether or not to come to Paducah. He is one of the men who have written here a number of times for information of various kinds relative to the city, and it is believed that he regards the city as a favorable location.

Go to St. Louis.

Two Paducahans are to locate in St. Louis. Mr. J. M. Melon, who was at one time owner of the Paducah Standard and in recent years has worked on local papers, has gone to St. Louis to work on the Post-Dispatch.

Mr. Thomas Lovelace, of the News-Democrat, leaves today or tomorrow for St. Louis to enter the real estate business with W. W. Reynolds, formerly of this county.

Comes Here to Locate.

Mr. J. M. Miller, of Washington, D. C., has come to Paducah to go into the music and piano business with his brother, Mr. W. T. Miller, of Broadway.

Former Paducahan Gets Important Place.

Mr. Calvin Hendricks, grandson of Rev. J. T. Hendricks, for years pastor of the First Presbyterian church here, has been appointed chief engineer for the sanitary sewerage department of Baltimore, Md. He was tipped for the place several weeks ago. Mr. Hendricks spent some of his earlier life in Paducah, but for several years has been a resident of New York City.

Sells Barber Shop.

Mr. H. J. Bookhammer has bought the Frank Smith barber shop, on South Third, near Broadway, and takes charge Monday. Mr. Bookhammer is well known here, having worked in Paducah a number of times in the last several years. He married Miss Lena Nagel, a Paducah girl.

The New Money Orders.

The new form of money orders adopted by the postoffice department are in use now in many places, but will not be in Paducah until the present stock of the old kind is exhausted. It is not known when this will be, but the new form will not be received here until the old blanks are used up.

Improving Telephone Lines.

The Marion, Ky., Record, announces that the Paducah Home Telephone company has begun the reconstruction of the Marion, Ky., system. Mr. Chas. Chandler, of Paducah, is in charge there, and the work will require about six weeks and cost about \$15,000, according to the company's

statement. The Record adds: "Already the Paducah Home company is constructing a new line from Paducah to Marion and which will be extended to Henderson and possibly further via Clay, Seebree, etc. The company is also reconstructing the Clay exchange, as here, and it has two forces working on the Paducah-Marion-Henderson line. One crew is below Salem coming this way, and the other is working in the vicinity of Clay. E. E. McConnell, of Paducah, the company's treasurer, was here this week."

Insurance Rates Reduced.

It will be good news to property owners all over Kentucky to learn that the first thing the new Kentucky association of underwriters did after separating from the Tennessee board at Louisville recently, was to reduce the insurance rate on brick mercantile buildings 20 per cent. The Louisville Times says of the meeting just ended there:

"The new Kentucky association still retains its rate making powers, and immediately after its organization made a 20 per cent. reduction in the insurance rate on brick mercantile buildings in Kentucky."

"The Tennessee Field club will be organized by Tennessee insurance men early in December at Nashville. This body will not have rate-making powers."

"At a meeting of Tennessee special agents, held in Louisville yesterday, a committee was appointed to draft a constitution and by-laws to govern the club. The members of the committee are: U. F. Moss, of Louisville; J. J. Purcell, of Louisville; J. K. Polk, of Nashville; Hugh T. Nelson, of Memphis; H. B. Hart, of Memphis; Verner Kline, of Nashville; W. T. Drennon, of Memphis."

Bradstreet's Weekly Report.

New York, Nov. 18.—Activity is still the keynote of the industrial and commercial situation. Colder weather and coming Christmas holidays have caused a heavy distribution in practically every section of the coun-

try save in the northwest, where rather high temperatures and railway congestion prevent the fullest development. Railway earnings are enormous, but the widespread blockades are assuming serious phase and tend to curtail the production in some industrial lines.

Manufacturing lines are remarkably active. Consumption of iron and steel is proceeding at an enormous rate with no apparent sign of a let up in the immediate future. The outlook for spring trade is very promising and, in short, all advices indicate the existence of flourishing conditions. Lumber, hardware and millers' materials are selling beyond the average for the season. Copper, tin and lead have an advance in price, while silver is at the highest point reached within the past three years.

Weekly Bank Clearings.

New York, Nov. 18.—Total bank clearings compiled by Bradstreet for the principal cities in the United States the past week were \$3,439,469,376, an increase of 6 per cent. compared with the corresponding period of last year.

QUALIFY MONDAY

THREE NEW MEMBERS OF GENERAL COUNCIL TAKE SEATS NEXT WEEK.

A Number of New Ordinances Will Be Introduced Next Monday Night.

The newly elected councilmen and aldermen who were elected to serve unexpired terms in the general council will probably qualify Monday. All the members-elect may do so, as their certificates of election have been filed with the clerk, and they may qualify at any time.

Councilmen Sam A. Hill and H. A. Katterjohn will take their seats in the council Monday night. Alderman W. T. Miller will take his seat Thursday night.

It is understood that ordinances are already drawn and will be presented Monday for consolidating the offices of market master and milk and meat inspector, and of city physician and health officer, and possibly of others.

If these ordinances are not passed now, it will make no material difference, as the administration after tomorrow will have but half of each board. The election of officers in December can be postponed by the republican side from time to time until the new members take their seats next January, when they will have unanimous vote in both boards, and can pass what ordinances they deem necessary.

COL. JOHN L. VANCE VERY ENTHUSIASTIC

He Says There is No Objection to 9 Foot Stage.

The Government Will Hereafter Do All Possible to Advance and Hasten the Work.

THE DELEGATES STOPPED OVER

Col. John L. Vance, president of the Ohio Valley Improvement Association, Col. W. G. Williamson, of Louisville, one of the vice presidents, and Senator John C. Huttsenfeiler, of Gallipolis, O., were in the city this morning en route from the Cairo convention to their respective homes. All mentioned the convention as the greatest that was ever held.

To a Sun reporter Col. Vance said: "It was the greatest convention in the history of the organization and one of the best attended meetings. There were new issues up and they were met. There is no question but that great good will come from that convention."

"The appropriation for the Ohio river will be made every year just as soon as the survey is completed and placed before congress with the recommendation of the engineer that the work be done and he will so recommend. There is not the slightest opposition to the nine-foot stage, regardless of reports to the contrary."

"That trip down the Ohio with the rivers and harbors committee did the work. Why actually there were men in congress who thought the Ohio river commenced at Pittsburg and ended at Pittsburg. They were amazed. They saw all those manufacturing industries along the river, some of them the largest factories in the country, and when we reached Louisville Senator Alexander said: 'Gentlemen, I am convinced.' Then the others followed with similar statements and we had won our fight, which had been waged for years and years to get the Ohio river improved with locks and dams. I knew we would convince them with a trip from Pittsburg to Cairo. What we want to do is to put commerce at the head instead of at the tail."

"The entire improvement from Pittsburg to Cairo will cost \$75,000,000. One-third of this amount has been received and it will take \$50,000,000 to finish the work. Today there lies in the treasury at Washington \$5,000,000 already appropriated for the upper Ohio, but it could not be expended on account of high water. There is also several thousand dollars in the bank at Pittsburg for river work."

"Already the survey has been made to Cullom's Ripple Dam, which we might say is Cincinnati. At Cincinnati the survey is being made up and down the river, the surveyors going in both directions. When a report of this survey is made then the lower river will get something."

"A mistake I made when in congress about fifteen years ago was to experiment with a lock and dam in the Kanawha river. It proved a success and now that river, a tributary to the Ohio, is entirely improved with them. If we had started with the experiment on the Ohio river today the entire course would have been improved from the mouth to Cairo."

Senator Huttsenfeiler said: "Congress appropriated \$250,000 for the survey and the surveyors expect to get it completed in time to make a report to the adjourned session of congress next year, which meets in December. Then the appropriation will follow."

Col. Vance is one of the most, if not the most, enthusiastic workers in the association for the improvement of the Ohio. In fact he was the bringer of the Ohio river to the attention of the public and has been president of the association ever since it was organized. He is an excellent gentleman, 68 years old but in good health. President Vance laughs with pride and satisfaction when talking of the improvement for he realizes that he has won a great victory against great odds. Newspaper men especially like to listen to him for he was once in that line of work.

The party left at 11:20 this morning.

THE VALUE OF CHARCOAL.

Few People Know How Useful It Is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.

Charcoal effectively clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician in speaking of the benefits of charcoal says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

ELECTION OFFICERS
GIVEN A CHANCE

To Show Why They Did Not
Report for Duty Election Day.

The Commission Has Sent Out Notices
to Those Who Failed to Show
Up at the Polls.

WILL HEAR THEM ON NOV. 20.

Mr. Wm. H. Farley, secretary of the McCracken county election board, is sending out notices to election officers who failed to show up and serve on election day. A number of officers did not appear, and at some precincts there were serious complications arising from the absence of anyone to conduct the election.

The notices now being received by the negligent officers state:

"Dear Sir:—You were appointed an election officer for your precinct and we note from the returns that you failed to serve."

"Section 140 of the election laws impose a penalty for such failure without good cause, and you are hereby notified that on Monday, Nov. 20th, the Commission will be at the court house to hear any excuses you may have to offer why you should not be warranted for your failure to serve as an election officer as appointed."

About sixteen of these notices have been sent out, in order to give those who have any legal excuse an opportunity to come up and explain, and save the trouble of having a warrant issued. If warrants were sworn out indiscriminately, many would doubtless come up and show cause for their cause for their absence which would result in a dismissal of the case. To obviate the trouble of getting out warrants which would cause unnecessary annoyance, the election commission has decided to give those who have an excuse, an opportunity to show it beforehand and prevent a warrant. Those who refuse to respond to the notice and show cause, if they have any, will be warranted. The election commission is doing this to show election officers that there is a strict law which compels them to serve when appointed, unless excused. Many men have fallen into the habit of doing as they please about serving, some ignoring entirely such appointments.

BOTH CAUCUSES

For the House of Representatives to
Be Held Dec. 2.

Washington, D. C., Nov. 18.—The calls for caucuses of Republicans and Democrats in the house of representatives will both be held Dec. 2. "Uncle" Joe Cannon will be the nominee of the Republicans for speaker to succeed himself. There appears to be no opposition of consequence to John Sharp Williams, of Mississippi, as minority floor leader.

Deaths in Caldwell County.

Princeton Ky., Nov. 18.—Mrs. W. I. Hamilton died of consumption. She leaves a husband and four children.

Mr. W. J. Rice, a well known citizen of Lyon county, died of old age. He was 67 years of age and leaves a wife, two sons and one daughter. One of his daughters died in a day or two after his death. She died in Western Kansas and her remains were brought to Kentucky and laid beside her father. She was the wife of John Cliff who lately moved to Kansas to make his future home.

CARNIVAL CONTRACT

MAY BE LET BY THE PADUCAH
CARNIVAL ASSOCIATION
SOON.

A Man With an Entirely New Line of
Carnival Attractions is Expected
Here Next Week.

A contract for the attractions for the spring carnival to be given in May by the Paducah Carnival association may be let next week and if it is the people of this section of the country will get an entirely new thing in the way of a carnival.

Last night L. A. Lagomarsino, one of the leading members of the association, had a talk over the long distance telephone with J. H. Johnson who is at the head of a new company that is to put out attractions with entirely new features early in the spring. He outlined some of the shows.

The biggest and most sensational show will be the fire fighters, which will be on the order of the Hale fire fighters displayed in St. Louis and at Coney Island. It will require several cars to carry this one show. The company will have twelve shows and an entirely new one will be a horse show.

Mr. Lagomarsino thinks it will be the greatest carnival company that ever went on the road and believes that the association will close up a contract with him after hearing his terms, provided they are not unreasonable. The association would be willing to pay a little more for shows of this character for they, of course, would attract a larger patronage. The old carnival shows are becoming tiresome and of course the same thing over again results in smaller crowds each year.

Mr. Johnson did not say what day he would be here, but when he comes the committee in charge will be called together to meet him.

TRUSTS AND UNIONS

Come in For a Share of Attention at
Citizen's Industrial Convention.

St. Louis, Nov. 18.—Resolutions were adopted by the Citizen's Industrial convention approving the investigations by state and Federal authorities of certain great trusts which seek to illegally stifle competition, but the convention went on record as firmly believing that certain labor organizations were no less offenders and advocated a rigid investigation and vigorous prosecution of them.

A resolution congratulating the judiciary of the country for the interpretation placed on certain principles which the association believed would make for the permanent good, was adopted.

These principles were enumerated as follows:

1. The open shop.
2. The freedom of the apprentice.
3. The right of private contract with equal obligation upon employer and employee.
4. The right to work; limiting the hours of labor, whether of brain or of the hand, is a matter of mutual agreement.

5. The enforcement of the law.
C. W. Post, of Battle Creek, was re-elected president. Among the officers chosen were: Second Vice President, F. C. Nunemacher, of Louisville; Third Vice President, A. C. Marshall, of Dayton; Secretary-Treasurer, Maj. A. C. Rosencranz, of Evansville. Charles F. Waltz, secretary of the Cincinnati Employers' Association, was chosen a member of the executive committee.

DR. J. G. BROOKS

Receives Invitation to Attend Medical
Meeting in Portugal.

Dr. J. G. Brooks this morning received an invitation to attend the Fifteenth International Medical Congress, which meets in Lisbon, Portugal, from April 19 to 26, 1936.

Only one member of this congress lives in Paducah and he is Dr. Brooks. He has attended one session, which was at Washington. He said this morning that every nation is represented and some of the brightest scholars in the profession are members of the body. When it met in Washington President Grover Cleveland, who was then in the executive chair of this nation, called the body to order.

Those attending from the United States will go from New York. Arrangements have been made for the trip and it can be made for \$300, for the round trip, which includes everything. Dr. Brooks says he may attend.

Comfort and Economy

The Wilson responds so accurately and unfailingly to its dampers that when the room is once warmed, by opening the draft wide you can set the dampers and maintain an absolutely even and healthful temperature.

With a WILSON WOOD HEATER

it is just as comfortable in the farthest corner of the room as it is within a few feet of the heater. This means health and comfort.

The patent Hot Blast Down-Draft, found only in the Wilson, consumes every particle of burnable elements in the wood, thus giving greater heat with one-half the fuel.

CHAPTER XVII.

BREWSTER was comparatively well and strong when he returned to New York in March. His illness had interfered extensively with his plan of campaign, and it was imperative that he redouble his efforts, notwithstanding the manifest dismay of his friends. His first act was to call upon Grant & Ripley, from whom he hoped to learn what Swearingen Jones thought of his methods. The lawyers had heard no complaint from Montana and advised him to continue as he had begun, assuring him as far as they could that Jones would not prove unreasonable.

An exchange of telegrams just before his operation had renewed Monty's dread of his eccentric mentor:

New York, Jan. 6, 19--
Swearingen Jones, Butte, Mont.:
How about having my life insured? Would it violate conditions?

MONTGOMERY BREWSTER.
To Montgomery Brewster, New York:
Seems to me your life would become an asset in that case. Can you dispose of it before Sept. 23?

JONES.
To Swearingen Jones, Butte, Mont.:
On the contrary, I think life will be a debt by that time.

MONTGOMERY BREWSTER.
To Montgomery Brewster, New York:
If you feel that way about it, I advise you to take out a \$50 policy.

JONES.
To Swearingen Jones, Butte, Mont.:
Do you think that amount would cover funeral expenses?

MONTGOMERY BREWSTER.
To Montgomery Brewster, New York:
You won't be caring about expenses if it comes to that.

JONES.

The invitations for the second ball had been out for some time, and the preparations were nearly complete when Brewster arrived upon the scene of festivity. It did not surprise him that several old time friends should hunt him up and protest vigorously against the course he was pursuing, nor did it surprise him when he found that his presence was not as essential to the success of some other affair as it had once been. He was not greeted as cordially as before, and he grimly wondered how many of his friends would stand true to the end. The uncertainty made him turn more and more often to the unquestioned loyalty of Peggy Gray, and her little library saw him more frequently than for months.

Much as he had dreaded the pretensions and repudiation ball, it was useful to him in one way at least. The "profit" side of his ledger account was enlarged, and in that there was room for secret satisfaction. The Viennese orchestra straggled into New York headed by Elton Gardner, a physician, in time to make a harmonious farewell appearance behind Brewster's palms, which caused his guests to wonder why the American public could not appreciate the real thing. A careful summing up of the expenses and receipts proved that the tour had been a bonanza for Brewster. The net loss was a trifle more than \$35,000. When this story became known about town everybody laughed pitifully, and poor Gardner was almost in tears when he tried to explain the disaster to the man who lost the money. But Monty's sense of humor, singularly enough, did not desert him on this trying occasion.

Aesthetically the ball proved to be the talk of more than one season. Pettigill had justified his desire for authority and made a name which would last. He had taken matters into his own hands while Brewster was in Florida and changed the period from the Spain of Velasquez to France and Louis Quinze. After the cards were out he remembered, to his consternation, that the favors purchased for the Spanish ball would be entirely inappropriate for the French one. He wired Brewster at once of this misfortune and was astonished at the nonchalance of his reply. "But, then, Monty always was a good sort," he thought, with a glow of affection. The new plan was more costly than the old, for it was no simple matter to build a Versailles suit at Sherry's.

Pettigill was no imitator, but he created an effect which was superior in keeping with the period he had chosen. Against it the rich costumes, with their accompaniment of wigs and powdered hair, shone out resplendent. With great difficulty the artist had secured for Monty a costume in white satin and gold brocade which might once have adorned the person of Louis himself. It made him feel like a pop-jay, and it was with infinite relief that he took it off an hour or so after dawn. He knew that things had gone well, but even Mrs. Dan was satisfied, but the whole affair made him heart sick. Behind the compliments lavished upon him he detected a note of irony which revealed the laughter that went on behind his back. He had not realized how much it would hurt. "For 2 cents," he thought, "I'd give up the game and be satisfied with what's left." But he reflected that such a course would offer no chance to redeem himself. Once again he took up the challenge and determined to win out. "Then," he thought exultantly, "I'll make them feel this a bit."

He looked for the time when he could take his few friends with him and sail away to the Mediterranean to escape the eyes and tongues of New York. Impatiently he urged Harrison to complete the arrangements so that they could start at once. But Harrison's face was not untroubled when he made his report. All the preliminary details had been perfected. He

had taken the Eltior for four months, and it was being overhauled and put into condition for the voyage. It had been Brown's special pride, but at his death it went to heirs who were ready and eager to rent it to the highest bidder. It would not have been easy to find a handsomer yacht in New York waters. A picked crew of fifty men were under command of Captain Abner Perry. The steward was a famous manager and could be relied upon to stock the larder in princely fashion. The boat would be in readiness to sail by the 10th of April.

"I think you are going in too heavily, Monty," protested Harrison, twisting his fingers nervously. "I can't for my life figure how you can get out for less than a fortune if we do everything you have in mind. Wouldn't it be better to pull up a bit? This looks like sheer madness. You won't have a dollar, Monty—honestly you won't."

"It's not in me to save money. Nonsense, but if you can pull out a few dollars for yourself I shall not object."

"You told me that once before, Monty," said Harrison as he walked to the window. When he resolutely turned back again to Brewster his face was white, but there was a look of determination around the mouth.

"Monty, I've got to give up this job," he said huskily. Brewster looked up quickly.

THE MOTHER DEAD.

Children Thought Her Sleeping and Were Found Playing Beside the Body.

Central City, Ky., Nov. 18.—Mrs. Lizzie Cowan was found dead in her home at Drakesboro by a groceryman who called to deliver groceries. By her side her seven-year-old boy and her little four-year-old girl and on her breast was her infant.

The older boy was carrying a basket of coal to the house when the mother went to his aid, but when she set the coal bucket down in the house she fell to the floor. The children thought she was only sleeping and they placed a pillow under her head. She never spoke, but they remained by her all night and sought to make her comfortable. After a time they went to sleep. They were found as stated above by their mother's dead body.

It is supposed the mother died of heart trouble. Mrs. Cowan was the widow of Charles Cowan, who was recently shot to death by Morton Row at Drakesboro.

Dr. A. S. Dabney, the well known dentist, has received news of the death of his half uncle, Walter S. Dabney, at Austin, Tex. The Austin News-Tribune says:

"At 3 o'clock this afternoon Walter S. Dabney, who died yesterday at his residence in this city, was buried by special permit in the state cemetery. He was a gallant Confederate soldier, a member of the celebrated Horse artillery, commanded by the gallant Pelham, by whose side Walter Dabney fought during the entire war."

"He came to Austin about two years since to complete the education of his daughter, Janie, and has been in declining health for a year."

"Walter Dabney was born in Hopkinsville, Ky., on the 10th of November, 1837. He was educated at the University of Virginia and began the practice of law in 1859 at St. Joseph, Mo., but the Civil war coming on, he joined the Horse artillery of General J. E. B. Stuart and served with Pelham and with that arm of the service until the surrender at Appomattox court house."

"He was a Christian gentleman and often, as an elder of that church, he preached without compensation and with much force."

The deceased served during the war on the Confederate side, and came near being shot as a spy once near Guthrie, Ky. He was saved through the intervention of his brother-in-law, a prominent union man.

STATE CHARITIES.

The Annual Convention Will Be Held at Owensboro Next Week.

The state convention of the International Conference of Charities and Correction will be held in Owensboro Nov. 22 and 23. This was decided upon only a short time ago, and local men interested in the movement are not informed as to just what the program will be. It had been intended to hold the convention at Maysville, but for several reasons it was thought best to substitute Owensboro. Thomas D. Osborne, of Louisville, is state president of the organization.

There will be something like fifty delegates present. Several prominent speakers will be present.

In several respects the meeting will be an important one. The proper mode of treatment of incorrigible and criminal children is one of the principle questions with which the organization is concerned. Juvenile courts in the larger cities were instituted largely as a result of the work of this organization.

No delegates have been appointed from Paducah.

Constipation.
Health is absolutely impossible, if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. M., Bronson, Fla., writes, Feb. 12, 1902: "Having used Herbine I find it a fine medicine for constipation." 50c a bottle. Alvey & List.

Confederate Veterans to Meet.

Camp James Walcott, Confederate Veterans, expect to have as their guest at their regular meeting Tuesday night Capt. Tyler, of Hickman, Ky., a prominent Confederate Veteran who may deliver a lecture here on Gen. Forrest next month. Capt. Tyler will be here attending federal court.

COSTLY SPORT.

Over Thirty Already Dead as a Result of This Year's Hunting.

The list of dead and injured as a result of the hunting season has been greatly increased during the past few days. The Chicago Record-Herald reports from all over the country show thirty deaths and thirty-three injured from hunting accidents to date. These numbers include the Keown boy, killed in Hancock county, and the two men wounded in Davless county, Kentucky, on Wednesday.

Scores of sportsmen are in the fields in Kentucky, but their luck is not as good as it was on the opening day of the hunting season. The birds have become scattered and very wild and it will take a "good shot" to bag a dozen of them.
